

## **Alumni Meet Report**

During the academic year 2024-25 Alumni Meet of our college was held on 15<sup>th</sup> June 2024 and November 17<sup>th</sup> 2024. The event was organized with the aim of reconnecting past students with their alma mater and strengthening the bond between alumni and current students.

The program commenced with a warm welcome address by College Principal followed by the lighting of the lamp. A short cultural program was presented by current students that depicted memories from evoking nostalgia among the attendees.

Several alumni shared their experiences and memories, reflecting on how the institution played a significant role in shaping their careers and lives. A special interactive session was arranged where alumni offered valuable career advice and motivational messages to the present batch of students.

During the meeting a decision was taken to restructure the CDC and conduct alumni meet every year in the month of November, probably the second Saturday of November.

The event concluded with a vote of thanks delivered by program coordinator expressing gratitude to all attendees for making the event a memorable one.

The meet was a grand success, filled with joy, laughter, and a sense of belonging. It reminded everyone of the deep-rooted connection that exists even after years of passing out.
